Policy Briefs

Discover **key lessons, policy recommendations** and **good practices** from Interreg Europe projects

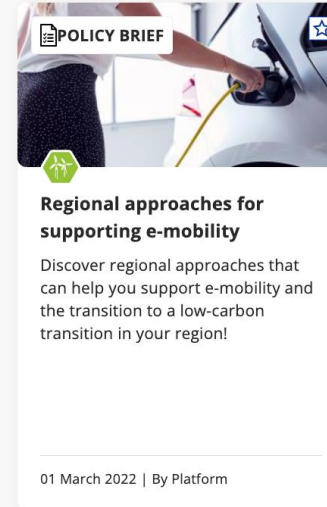

POLICY BRIEF ☆

Tackling energy poverty with low-carbon interventions

Explore approaches on how your region can tackle energy poverty with low-carbon interventions.

20 June 2022 | By Platform

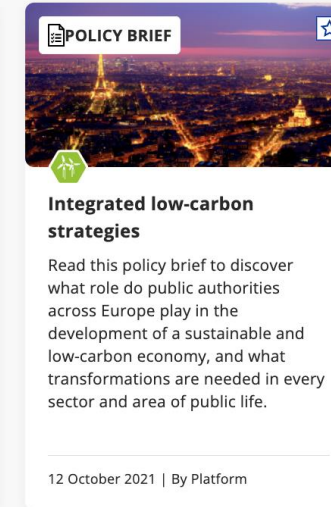

POLICY BRIEF ☆

Regional approaches for supporting e-mobility

Discover regional approaches that can help you support e-mobility and the transition to a low-carbon transition in your region!

01 March 2022 | By Platform

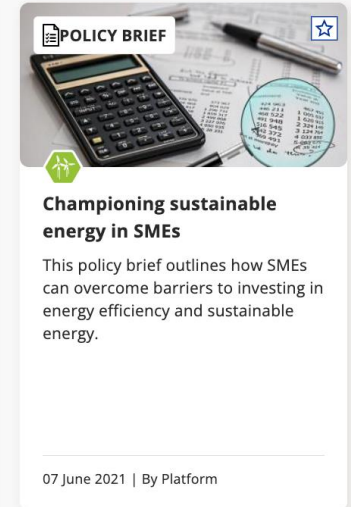

POLICY BRIEF ☆

Integrated low-carbon strategies

Read this policy brief to discover what role do public authorities across Europe play in the development of a sustainable and low-carbon economy, and what transformations are needed in every sector and area of public life.

12 October 2021 | By Platform

POLICY BRIEF ☆

Championing sustainable energy in SMEs

This policy brief outlines how SMEs can overcome barriers to investing in energy efficiency and sustainable energy.

07 June 2021 | By Platform

POLICY BRIEF ☆

Skills for the energy transition

We need to foster skills for the energy transition at local and regional levels to encourage clean technologies and energy-efficient applications to reach the European Union's climate targets.

24 February 2021 | By Platform

POLICY BRIEF ☆

Sustainable urban logistics

Urban logistics is responsible for significant carbon emissions, air pollutants and urban noise. Authorities realise that clean urban logistics need to become mainstream to support continued sustainable economic growth.

17 December 2020 | By Platform

POLICY BRIEF ☆

Energy self-consumption

Self-consumption of renewable energy can provide financial, environmental, and security benefits for households, businesses, grid operators, and society at large.

28 September 2020 | By Platform

POLICY BRIEF ☆

Cycling cities

Cycling has many socio-economic, health, and environmental benefits that its promotion should be a logical policy choice. This policy brief helps turn these dreams into reality with good practices, guidance, and recommendations backed by real-life examples.
