# Policy Learning Platform Peer Review

## Municipal Waste Collection and Management for the Municipality of Burgas

2 – 3 December 2020, Online event

*A testimonial*

Interreg  
Europe

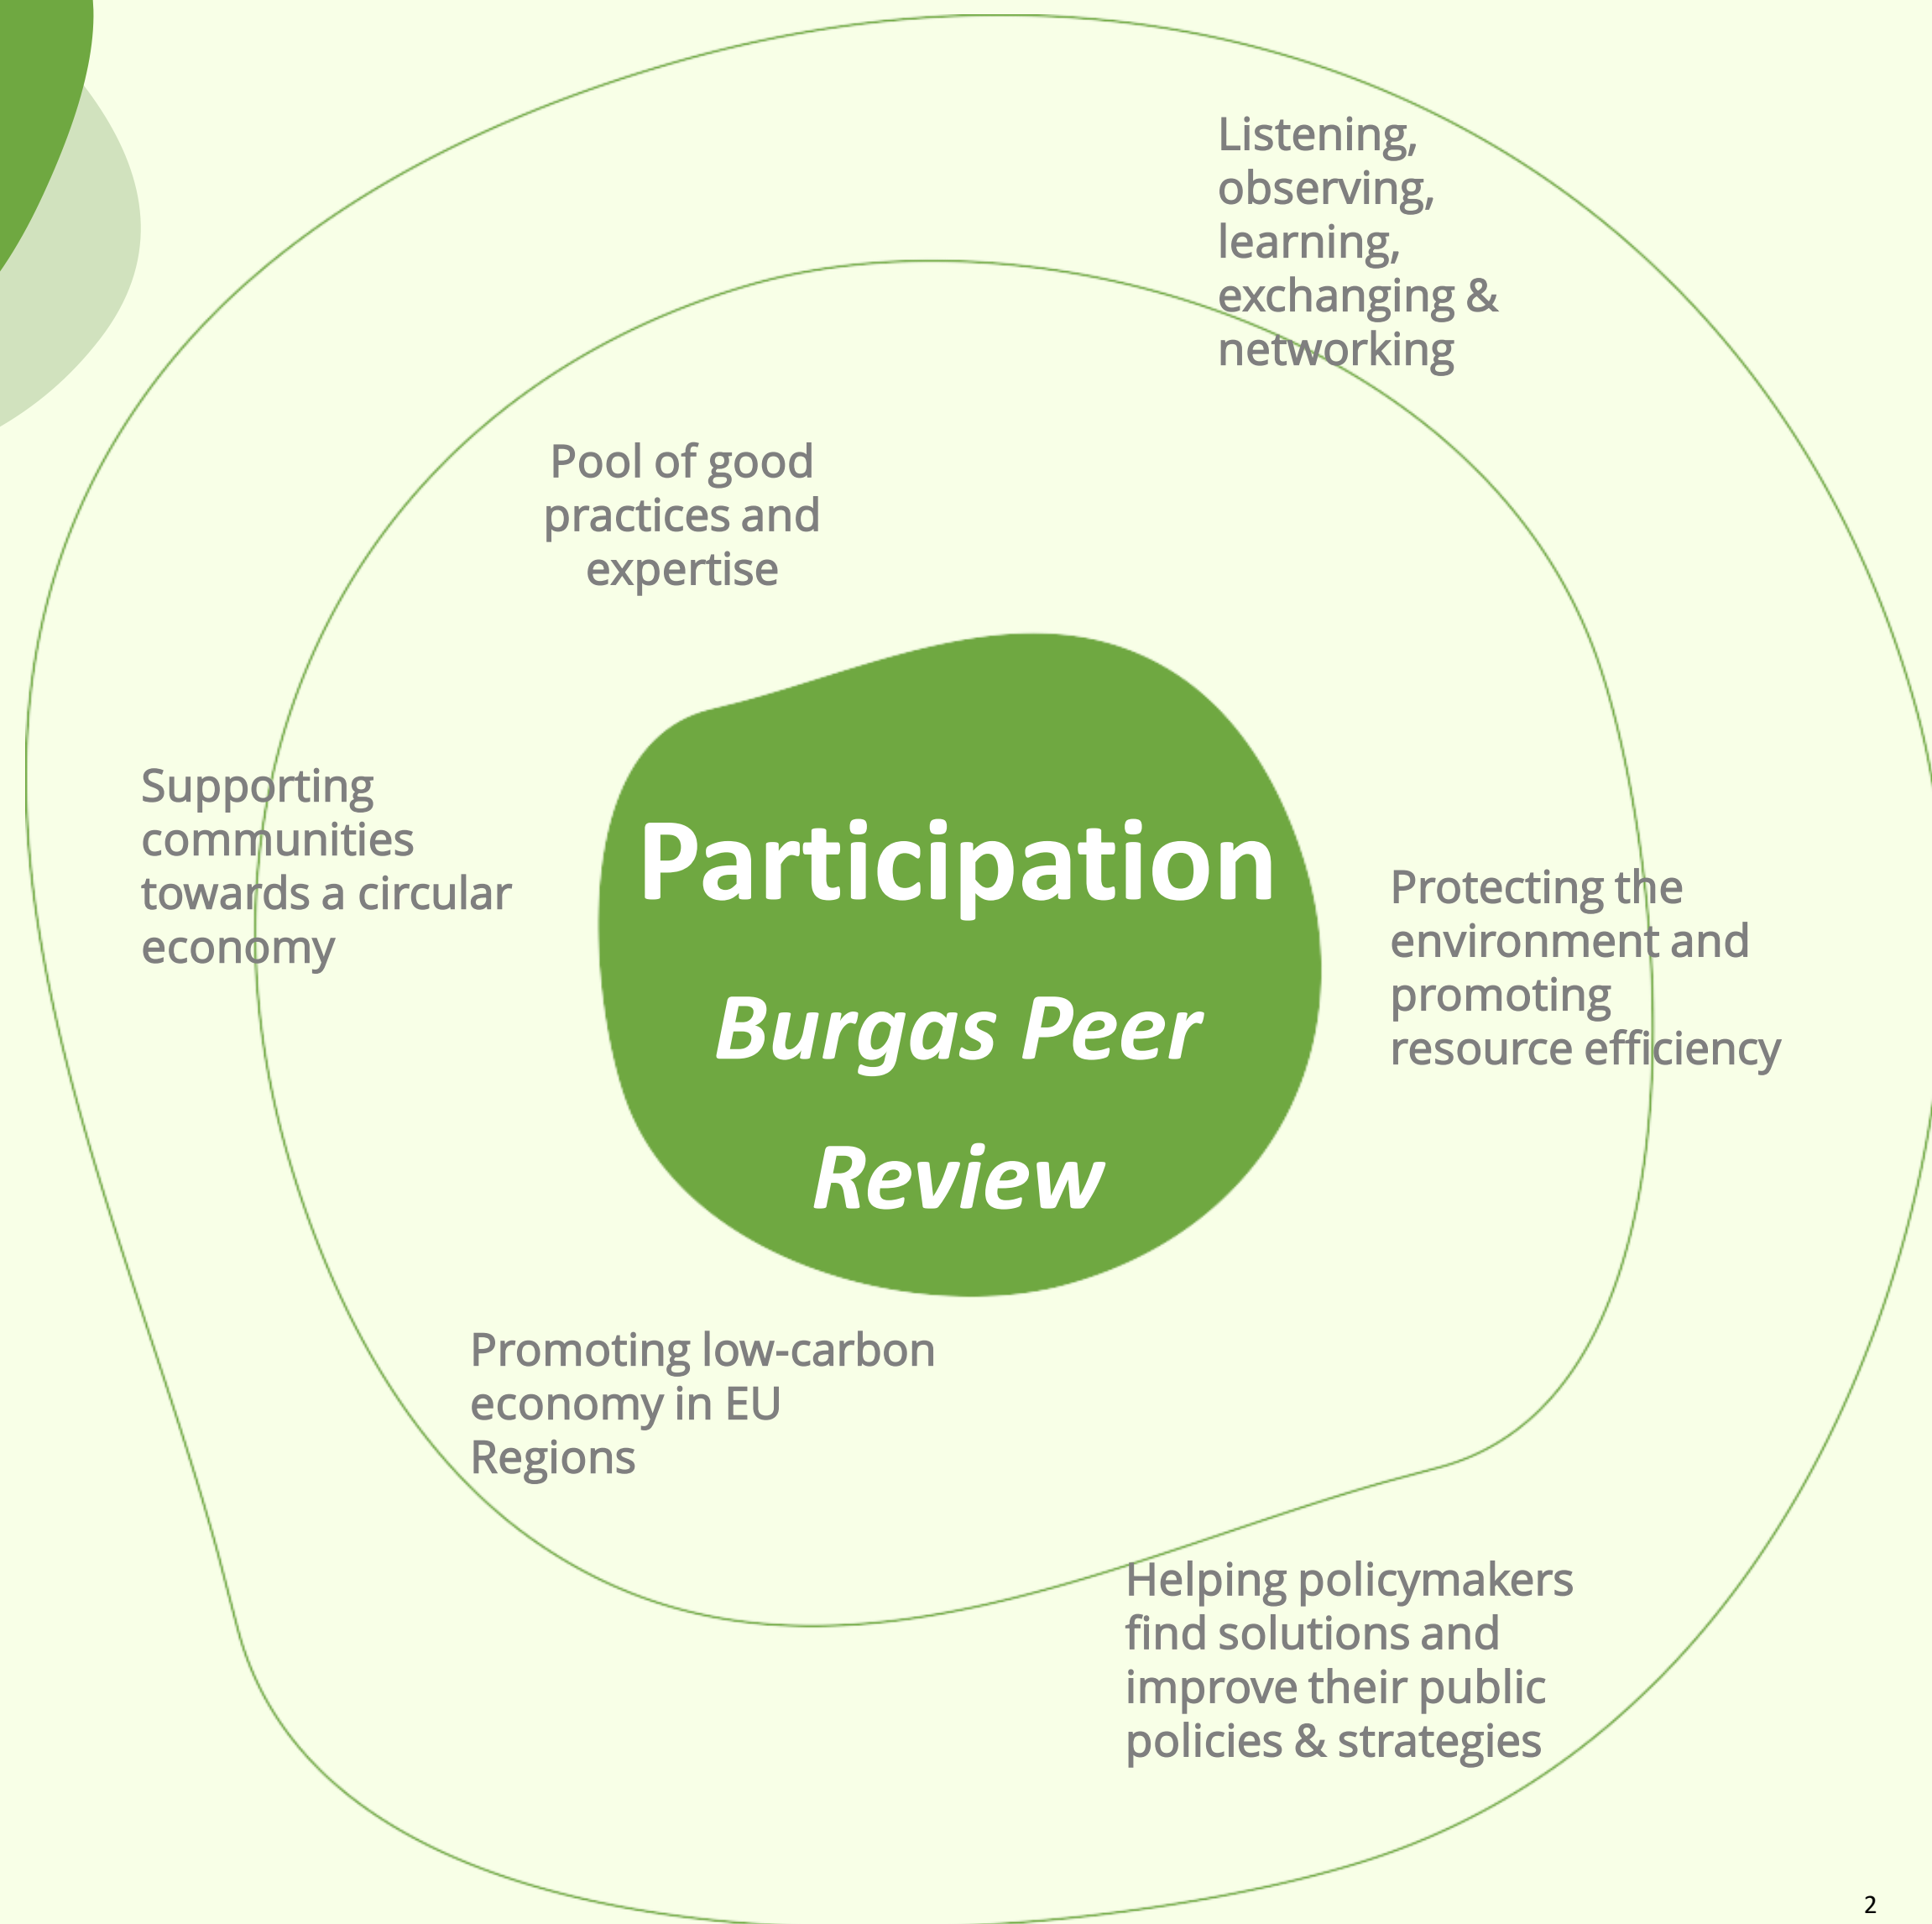

European Union | European Regional Development Fund

**LIPOR** was one of the entities selected as **Peer** to share and discuss experiences and define recommendations on topics such as prevention, separate collection, regulation, and monitoring of waste flows, to achieve a transition to a Circular Economy and in alignment with the main objectives of the European Green Deal.

It was two days of **intense cooperation**, with an open and transparent discussion, that culminated in the drafting of a set of guidelines and good practices for the region of Burgas (Bulgaria), to support municipalities and regional authorities in pursuing policies and strategies for a sustainable and circular waste management.

For LIPOR, as a public entity, it was a very enriching and brand promotion experience.

## PLP Interregional learning

*The added value...*

A very **useful and effective instrument** of interregional cooperation, **helping regions** with different realities (social, economic, political, environmental) to **achieve common goals**

Analyzing **similar problems/obstacles**, discussing and comparing different solutions, based on the **group's experiences and skills**, **allows us to find innovative, more optimized and effective solutions**

The exchange of **best practices, experiences, ideas** and the options of different regions/countries concerning the EU Regulation on Waste (Prevention, Reuse & Recycling)

An opportunity to **learn**  
A moment of **individual and collective enrichment** (knowledge & skills)

# lipor

**Peer review**  
*Application process...*

Non-complex process

tailor-made

High level support from  
PLP and quick  
responses

Very competent,  
committed and  
friendly Staff  
  
&  
Wide Knowhow from  
Experts and Peers

lipor

Let's  
cooperate!

Thank you!
